ATTACHMENT B

November 9, 2017

Dear Valued Customer:

This letter is to update you on the pending transaction for the sale of the BVU/CPC OptiNet division of BVU Authority ("OptiNet"). Your current provider for local, regional toll or long distance services, cable television services and broadband internet services is BVU Authority. BVU Authority has agreed to a transaction that will result in Sunset Fiber, LLC ("Sunset") becoming the new owner of the OptiNet fiber-optic division. Consequently, Sunset will become the service provider for OptiNet customers, like you. This transaction is currently pending approval by the Federal Communications Commission.

We anticipate the transaction will close on or about December 11, 2017, but could occur later. If you choose to retain service with OptiNet, upon closing, your services will be converted to a Sunset account at no cost to you, and your local telephone number(s) will NOT change. Sunset will automatically become your service provider for any services currently received from OptiNet. If your services are under an active contract with OptiNet at the time of the transaction, the balance of your service agreement will also transfer to Sunset.

We hope you will remain a Sunset customer for many years to come. If, however, you choose to select an alternate service provider other than Sunset, the transaction will not affect your ability to do so. You have the right to select another available provider for services currently received by OptiNet. Sunset will not assess a carrier change charge for your account's transition to Sunset. However, selecting a carrier other than Sunset may result in the alternate carrier charging you for the change. If you change carriers for a service currently included in an OptiNet bundle, associated discounts may no longer apply. In addition, fees for early termination of business term plans may still apply.

If you have a preferred carrier freeze on any OptiNet services, the freeze will be removed in order to transition services from OptiNet to Sunset (unless you have selected an alternate carrier prior to the closing of the transaction). To reestablish a freeze, you will need to order a new freeze from your local telephone company (whether Sunset or an alternate carrier) after the closing. Any preferred carrier freezes you have that do not involve services currently received from OptiNet will not be affected by this transaction.

Upon completion of the proposed transaction, Sunset will continue offering local, regional toll, long distance services, cable television services and broadband internet services to you under the same rates, terms, and conditions offered by OptiNet prior to the closing. Information regarding your current rates, terms, and conditions is reflected in your billing statement, as well as posted at www.bvu-optinet.com. If there are any future changes to the rates, terms or conditions of your service, Sunset will notify you by mail or via your billing statement.

Sunset values your continued business and will gladly respond to any questions you may have about your service. After the closing, please contact Sunset toll free at 877-318-6368 for assistance.

Until the closing of the transaction, OptiNet will continue to serve you and handle all customer service inquiries, complaints, billing issues, and questions regarding this notice. As always, you can contact OptiNet toll-free at 866-835-1288.

We appreciate your understanding and support during this transition period, and thank you for your business. Sunset looks forward to welcoming you as a valued customer and will communicate additional information with you as soon possible.

Sincerely,
